MEET AURORA

I'm Aurora Grace. I'm a wife and mom first and foremost. My husband Josh and I have known each-other since we were three years old and he's my ride-or-die best friend. I'm definitely an extrovert and I adore meeting new people! Hands down, the best part of my job is YOU. I'm a fan of cooking and entertaining but I will NEVER turn down a quiet night in with a book, some charcuterie, and a glass of whiskey. I'm a fan of all things love and marriage, so I'm convinced there couldn't be a better job out there for me! I've been a photographer for the last 9 years and I'm on my 8th wedding season. Woah.

I've been SO lucky to be a part of 200+ weddings in my career so far and I can't WAIT to add yours!

WEDDINGS / THE EXPERIENCE

I believe that each couple, each family, each **person** is so special and so unique. I'm all about stories and my passion for people reflects that. If I could have one wish in life, it would be this: I want people to see themselves the way that I see them. Your story and the way you live reflect who you are and OH MAN I just can't wait to share that with others!

When you hire me, you don't hire the standard "pose and cheese" photographer. I want every wedding and every portrait session I document to reflect genuine movement and emotion. SO many people ask me "**what should I expect?**" My answer? Lots of prompts from me, snuggles for you, and laughs for us all.

INVESTMENT

Your wedding photos are an **investment**. Your wedding day is a gift - a time to cherish the gathering together of those whom you love the most. Your photos serve as a timeless reminder of precious people and precious moments. Details and pretty trends will come and go but the most important people in your life all in one place can never be replaced. It's my job to document that.

02 To officially book your wedding date, I'll email you an invoice and a contract that you get to sign. Once you pay the required \$1,500 non-refundable retainer, you're done! Officially booked!. The remainder of your invoice is due one month before your wedding date.

PORTRAITS / THE EXPERIENCE

I am so glad you're here. Documenting the different seasons of peoples' lives is the craziest, most amazing thing I ever could have dreamed would be my job. I just want to start by saying CONGRATS. If you're here, talking to me, that means that you are currently celebrating a milestone! Whether you're a highschool senior, new parents, or capturing your Christmas card, wherever you are right now is SO important! I'm so glad you decided to let me be a part of this fun stage of your life!

NICK + EMMALIE

“There aren’t quite words to describe how thankful I am that we booked Aurora as our wedding photographer! I had a photographer offer to shoot our wedding for free, but I knew hiring Aurora was worth every penny and more. On our wedding day, I was so stressed with all the details and Aurora was so calm and helped everyone feel relaxed. She so confidently directed us and made us feel comfortable. When we received our gallery, I was flabbergasted. Aurora’s style, talent, creative eye, and expertise fully showed in her work! My husband and I could not believe how beautifully she captured our entire wedding day. Not only does Aurora slay the wedding day, but she takes special care in editing and furthermore, crafting a gallery that truly tells each couple’s story. We will treasure her work forever.”

TRENT + KELSEY

“If you want your day to be perfect you have to start by hiring Aurora. Not only is she the kindest human being but she is also the hardest working photographer! My husband and I were lucky enough to see her in action at another wedding. So when it came time to think about who we could trust to shoot our own engagement and wedding photos there was no hesitation! Aurora makes you feel so special and she makes the process of having your photo taken a BLAST!! We had so many of our family members and guests tell us how impressed they were with how on top of her game she was! One of my favorite things about Aurora is that she values your time and knows that your day goes by in the blink of an eye. She respects that you don’t want to be in front of the camera ALLL day so she works quickly in the best way possible! She’s confident and can easily command a whole room of crazy people while still getting the perfect shot! Every single one of her photos is edited to perfection. We absolutely love Aurora and her work, I am so grateful that she was such a huge part of what made our day so special!”
